Chant: Healing Ourselves, Healing the World

Saturday January 20, 2024  
11 am - 2 pm ET USA  
via Zoom

Chanting is an integral aspect of our transformative wisdom path, having the capacity to open us deeply and immediately to healing at all levels.

In this participatory half-day retreat, we will explore aspects of healing and also chant *a lot*, enjoying wisdom chants both familiar and new.

All voices welcome and encouraged. Absolutely no experience necessary.
